PROFESSIONAL SUMMARY

Motivated Electronics and Communication Engineering graduate with hands-on experience in frontend web development, UI/UX design, and IoT systems. Proficient in building functional, user-centered interfaces using HTML, CSS, JavaScript, and Figma. Proven ability to deliver end-to-end projects from ideation to deployment, with a strong foundation in Java and embedded systems. Eager to contribute creative problem-solving and technical skills in a dynamic engineering or product team.

EDUCATION

B.E. – Electronics & Communication Engineering Sona College of Technology, Salem, Tamil Nadu CGPA: 7.75	2022 – 2026
Higher Secondary Certificate (HSC) – State Board Royal Park Matriculation HSC School, Salem Percentage: 70%	2022
Secondary School Certificate (SSLC) – State Board Royal Park Matriculation HSC School, Salem Percentage: 94%	2020

TECHNICAL SKILLS

Languages	Java, HTML5, CSS3, JavaScript
UI/UX Design	Figma (Wireframing, Prototyping, Design Systems), Canva
Web Development	Responsive Frontend Development, REST API Integration
IoT & Embedded	Microcontrollers, Sensor Integration, IoT Modules, PCB Design
Tools & Platforms	Git, GitHub, Visual Studio Code, Cloud Platforms (NPTEL)
Soft Skills	Communication, Problem-Solving, Team Collaboration, Event Management

PROJECTS

ToxiScan – Textile Wastewater Chemical Detection System IoT Embedded Systems Environmental Engineering	2025
- Designed and developed a portable, low-cost real-time chemical detection system targeting textile industry wastewater compliance. - Integrated sensors measuring pH, TDS, turbidity, conductivity, ammonia, and dye concentration; data processed via microcontroller. - Implemented IoT connectivity for remote monitoring, data logging, and automated threshold-based alerts. - Promoted continuous environmental compliance monitoring, reducing manual inspection overhead.	
UI/UX Design Portfolio Figma Product Design User Experience	2023 – 2026
- Designed 6+ end-to-end UI/UX projects: Foodzy food ordering app, TickRush watch e-commerce site, Disney ticket booking, digital menu card, sign-up page, and email advertisement cards. - Focused on intuitive navigation, clear visual hierarchy, and seamless user experience across mobile and web platforms.	

Smart-Agro Greenhouse – Cloud-Based IoT Crop Platform

2026 (Ongoing)

IoT | Cloud Computing | REST API | Web Development

- Building a cloud-based IoT platform to digitalize greenhouse crop production, targeting water, pesticide, and energy optimization.
- Implemented RESTful APIs for real-time and historical sensor data access across globally distributed IoT devices.
- Integrated Greenhouse Models as a Service (GMaaS) providing 48-hour forecasts for indoor climate, crop yield, and irrigation.
- Developed a scalable web application for device registration, data visualization, and operational management.

INTERNSHIP

UI/UX Design Intern – RedMind Technologies

Jan – Feb 2026

- Completed internship focused on UI/UX design principles, user research, and interface prototyping for real-world applications in the R&D division.

CERTIFICATIONS & TRAINING

- Internet of Things (IoT) – KRISHTEC (2023)
- Printed Circuit Board (PCB) Design – Sunshiv Electronic Solution (Hands-on, 2023)
- UI/UX Design & Assessment – Learntube; Internship at Codesoft (2024–2025)
- Cloud Computing – NPTEL Certified (2024)
- Full Stack Web Development – Course Completion, Cursa (2025)
- Aptitude Marathon – Preliminary Round Participant (2024)
- Sona Techathon – Interdisciplinary Engineering Hackathon (2025)

EXTRACURRICULAR ACTIVITIES

Sona College of Technology – Leadership & Volunteering

2022 – 2026

- Organizer – Electroblitz (technical fest), Sonata, I'venor & Fractals events.
- Volunteer – Electroblitz, Speakersforum (public speaking event).
- Photography Event Organizer – Coordinated and led college photography events.
- Sona Library Best User Award – Recognized for consistent academic engagement.

ACHIEVEMENTS & RECOGNITION

- Sona Library Best User – Sona College of Technology (2025): awarded for outstanding library usage and academic initiative.
- Sona Techathon Participant – Interdisciplinary Engineering Hackathon (2025).
